

SUPPLEMENTAL
EXECUTIVE OFFICER SUMMARY REPORT
October 12, 2005

ITEM: 9

SUBJECT: Modification of a California Water Code Section
13225/13267/13383 Directive to the County of Orange, Orange
County Flood Control District, Cities of Laguna Beach, Laguna
Hills, Laguna Niguel, Laguna Woods, Lake Forest and Mission
Viejo (Dischargers) for implementation of an action plan to
address elevated bacteria levels in the Aliso Creek Watershed.
(Jeremy Haas)

SUPPLEMENTAL
DISCUSSION:

The following information supplements the Executive Officer
Summary Report. On September 23, 2005 the Regional Board
notified interested persons of the request to modify the Aliso Creek
bacteria monitoring program. Interested persons were notified that
written comments received before October 6 would be provided to
the Regional Board. The Surfrider Foundation, Laguna Beach
Chapter provided a comment during the comment period, and it is
included with a response in this supplemental mailing. The
commenter was in general support of the request to revise the
monitoring program and offered several recommendations.

SUPPORTING
DOCUMENTS:

6. Comment received from the Surfrider Foundation, Laguna
Beach Chapter, regarding the request to modify the Aliso Creek
bacteria monitoring program.

7. Response to written comment from the Surfrider Foundation.

8. Comment received from the South Laguna Civic Association.

RECOMMENDATION:

Direction to the Executive Officer to modify the Aliso Creek
bacteria monitoring program as requested by the Dischargers is
recommended.
